CITY CLERK  
HONOLULU, HAWAII

Dear Honorable Honolulu City Council,

The Hawaii Smokers Alliance Strongly opposes Bill 25. We stand on our previous testimony in opposition.

In addition, as the current CD2 version has it, only four park areas could have smoking areas, including the allegedly ecologically sensitive Hanauma Bay but not the ugliest dirt and rock beaches on Oahu. Oh, and then there's a floor draft to exempt golf courses. If this council actually believes that tiny transient amounts of tobacco smoke are "killing people" should it be banned there too by that kind of twisted logic. If not it shows that such a ban is arbitrary and nothing more than a progression of social engineering against constituents and visitors fueled by the professional anti-smoking lobby ring making its' money off the settlement agreement known as "Tobacco Free Hawaii".

We also oppose bill 28 (bus stop ban).

Respectfully,

Michael Zehner
